

Murray Report

Pursuant to the Senate Order on departmental and agency contracts the following table sets out contracts entered into by the DEPARTMENT OF FOREIGN AFFAIRS AND TRADE which provide for a consideration to the value of \$100 000 or more and which

- a. have not been fully performed as at 31 December 2005, or;
- b. which have been entered into during the 12 months prior to 31 December 2005.

The contracts listed contain confidentiality provisions of a general nature that are designed to protect the confidential information of the parties that may be obtained or generated in carrying out the contract. The Privacy Act 1988 and other statutory secrecy provisions apply to departmental contracts.

Where there are additional confidentiality provisions these are identified by the following reason codes:

1. These contracts were signed under previous contracting practice wherein elements of the contract or the entire contract were accepted as being 'commercial-in-confidence'. Contracting policy has since changed.
2. Contract contains information that has commercial value to competitors (e.g. trade secrets, internal costing/pricing information or intellectual property)

Estimated cost of complying with this Order: \$10,000

Method used to estimate the cost: Based on salary costs for staff involved in preparing the contracts for inclusion in the Senate Order report.
