<b>ACKNOWLEDGEMENTS</b>	<b>iii</b>
<b>ECONOMIC ANALYTICAL UNIT</b>	<b>v</b>
<b>EXECUTIVE SUMMARY</b>	<b>xi</b>
<b>CHAPTER 1 GLOBALISATION SUPPORTS GROWTH AND EQUITY</b>	<b>1</b>
Globalisation and Growth	2
Trade and Economic Growth	2
How Trade Promotes Growth	3
Trade and Productivity	5
FDI and Economic Growth	5
Globalisation Associated with Better Global Poverty and Equity Outcomes	7
Globalisation and World Poverty	7
Globalisation and World Equity	8
Domestic Factors Drive Inequality within Economies	10
No Race to the Bottom	11
Globalisation and Labour	11
Globalisation and the Environment	13
Implications — Domestic Policies Critical	14
<b>CHAPTER 2 DOMESTIC POLICIES MATTER</b>	<b>19</b>
Domestic Policies Crucial for Successful Globalisation	20
Functioning Domestic Markets	20
Goods and Services Markets	20
Labour Markets	21
Capital Markets	21
Strong Institutions Vital	22
Strong Institutions Help Developing Countries Catch Up	22
Property Rights	24
Enforcing Contracts	25
Regulatory and Macroeconomic Institutions	26
Regulatory Environment and Development	26
Sound Macro Policy Essential for Open Economies	28
Investing in Social and Physical Infrastructure	28
Education	28
Health	28
Physical Infrastructure	29
Improving Equity in a Globalising Economy	30
Education Important to Equity Outcomes	30
Building Social Safety Nets	31

	Maintaining Macroeconomic Stability	31
	Assisting all to Gain from Globalisation	32
	Equity Considerations	33
	Implications	33
	Appendix 2.1: Other Factors Affecting Equity In Open Developing Economies	38
<b>CHAPTER 3</b>	<b>GETTING INTERNATIONAL POLICIES RIGHT</b>	<b>43</b>
	Trade Barriers Damage Everyone	44
	The Costs of Global Trade Barriers	44
	Trade Barriers Also Cost Developed Economies	46
	The Doha Round	47
	Preferential Market Access For Less Developed Economies	47
	Global Economic Cooperation	48
	Strengthening International Financial Architecture	48
	Competition Rules	49
	Tackling Global Health Issues	50
	Implications	50
	Appendix 3.1: Other Doha Round Issues and Developing Economies	53
<b>CHAPTER 4</b>	<b>GLOBALISATION TRANSFORMS AUSTRALIA</b>	<b>55</b>
	Australia Globalises	56
	Trade	56
	Foreign Direct Investment	57
	Other Capital Flows	57
	Making Globalisation Work for Australia	59
	Reforming Domestic Markets and Institutions	59
	Sequencing Reforms	60
	Impact on the Economy	60
	Lower Tariffs Associated with Strong Industry Growth	61
	Productivity, GDP Per capita Growing Faster	61
	New Management Techniques	62
	Increased Specialisation	63
	Greater Technology Uptake	63
	Exports Respond	63
	Australians Enjoy The Benefits	63
	New Products, Cheaper	64
	Living Standards Rising Faster	65
	Distributing the Gains	65
	Investing in Education	65
	Assisting with Structural Change	66
	Inequality Trends Steady	66
	Implications	67
	Appendix 4.1: Australia's Market and Institutional Reforms	70

<b>CHAPTER 5</b>	<b>GLOBALISATION DRIVES EAST ASIA'S SUCCESS</b>	<b>73</b>
	East Asian Globalisation Trends	74
	Trade	74
	Labour Intensive Exports Important	74
	Foreign Investment	77
	Business Friendly Environments	77
	Governance	78
	High Savings and Investment	78
	Investing in Education and Health	78
	Rapid Technology Uptake	80
	Sound Macroeconomic Policy	81
	Good Infrastructure	81
	Impact on East Asia	81
	Growth with Equity	83
	Basic Education Spending Targeted	83
	Rural Development	84
	Fairer Asset Distribution	84
	Future Priorities	84
	Improving Savings Allocation	84
	Strengthening Economic Institutions	85
	Improving Productivity	85
	Innovation	86
	Opening Services Sectors	86
	Social Safety Net	87
	Implications	88
<b>CHAPTER 6</b>	<b>IMPLICATIONS</b>	<b>91</b>
	Policy Implications for East Asian Governments	92
	Strengthening Economic Governance	92
	Financial Market and Corporate Governance Reforms	92
	Labour Market reform	93
	Other Market Reforms	93
