USER GUIDE TO THE PORTFOLIO ADDITIONAL ESTIMATE STATEMENTS

USER GUIDE

The purpose of the *Portfolio Additional Estimates Statements* 2019-20 (PAES), like that of the Portfolio Budget Statements (PB Statements), is to inform Senators and Members of Parliament of the proposed allocation of resources to Government outcomes by entities within the portfolio. The focus of the PAES differs from the PB Statements in one important aspect. While the PAES include an Entity Resource Statement to inform Parliament of the revised estimate of the total resources available to an entity, the focus of the PAES is on explaining the changes in resourcing by outcome(s) since the Budget. As such, the PAES provides information on new measures and their impact on the financial and/or non-financial planned performance of programs supporting those outcomes.

The PAES facilitate understanding of the proposed appropriations in Appropriation Bills (Nos. 3 and 4) and Appropriation (Parliamentary Departments) Bill (No. 2) 2019-20. In this sense, the PAES is declared by the Additional Estimates Appropriation Bills to be a 'relevant document' to the interpretation of the Bills according to section 15AB of the *Acts Interpretation Act* 1901.

Whereas the *Mid-Year Economic and Fiscal Outlook (MYEFO) 2019-20* is a mid-year budget report which provides updated information to allow the assessment of the Government's fiscal performance against its fiscal strategy, the PAES update the most recent budget appropriations for entities within the portfolio.

Section 1: Entity overview and resources

1.1 STRATEGIC DIRECTION STATEMENT

A stable and prosperous Indo-Pacific region remains fundamental to Australia's interests. To further advance the priorities outlined in the *Portfolio Budget Statements* 2019-20 and the *Foreign PolicyWhite Paper*, the Government will provide \$40.0 million to establish the Emerging Markets Impact Investment Fund (EMIIF). EMIIF will invest in funds that provide access to finance for small and medium enterprises (SMEs) operating in the Indo-Pacific region. It will support the achievement of important social and development goals, including the economic empowerment of women and girls, and reflects the Government's agenda for innovation and the efficient use of public funds.

Consistent with Australia's enduring commitment to its Pacific partners, the Government has committed \$8.0 million to support the Cook Islands following its graduation from Official Development Assistance (ODA) eligibility. Our support ensures that the Cook Islands remains engaged in key regional activities led by Australia in the Pacific.

The Government has also committed \$4.5 million for international investment treaty reform. The funding will support work to review and update, where possible, our bilateral investment treaties and other relevant trade agreements with modern safeguards.

Following devastating bushfires in Australia, the Government has allocated \$4.1 million to ensure its diplomatic network is well positioned to bolster domestic recovery efforts and act immediately to reassure our international partners that our tourism, international education and export sectors are open for business. DFAT will work closely with Austrade, Tourism Australia, the National Bushfire Recovery Agency and other Government agencies on this initiative.

A full outline of DFAT's Strategic Direction can be found in the *Portfolio Budget Statements* 2019-20.

3.2 BUDGETED FINANCIAL STATEMENTS

3.2.1 Analysis of budgeted financial statements

Differences in agency resourcing and financial statements

There are no differences between the resource information presented in the budget papers and in DFAT's PortfolioBudgetStatements.

Budget Departmental Income Statement

DFAT's change in revenue is primarily attributable to funding received for the Department's new measure to ensure its diplomatic network is well positioned to bolster bushfire recovery efforts and act immediately to reassure our international partners that our tourism, international education and export sectors are open. In addition, there have been adjustments relating to within year foreign exchange movements and Fringe Benefits Tax payments related to living away from home allowances.

The Income Statement shows a budgeted deficit in 2019-20 of \$154.2 million due to the removal of appropriation funding for depreciation and amortisation funding under the Net Cash funding arrangements.

In addition, all departmental financial statements have been updated to include the estimated impact of the new accounting standards for leases (AASB 16). This new standard applies for financial reporting periods beginning on or after 1 January 2019 and has therefore been applied from the 2019-20 financial year.

Adjusting for the changed funding arrangement and adoption of the new lease standard, the operating result attributable to the Department is a surplus of \$43.0 million, all of which relates to the Overseas Property Special Account (OPSA).

Budgeted Departmental Balance Sheet

For 2019-20, the Department's non-financial asset position is budgeted to be \$5,044.2 million at year-end. The major asset component is \$4,441.0 million for Landand Buildings.

Table 3.2: Comprehensive income statement (showing net cost of services) for the period ended 30 June (continued) Note: Impact of net cash appropriation arrangements

Prepared on Australian Accounting Standards basis.

(a) From 2010-11, the Government introduced net cash appropriation arrangements where Appropriation Act (No. 1) or Appropriation Bill (No. 3) revenue appropriations for the depreciation/amortisation expenses of non-corporate Commonwealth entities were replaced with a separate capital budget (the Departmental Capital Budget, or DCB) provided through Appropriation Act (No. 1) or Appropriation Bill (No. 3) equity appropriations. For information regarding DCB, please refer to Table 3.6 Departmental Capital Budget Statement.

AUSTRALIAN TRADE INVESTMENT COMMISSION (AUSTRADE)

Section 1: Entity overview and resources

1.1 STRATEGIC DIRECTION STATEMENT

New measures announced in the Mid-year Economic and Fiscal Outlook 2019-20 will support Austrade to continue to deliver quality trade and investment services to businesses to grow Australia's prosperity. A full outline of Austrade's current Strategic direction can be found in the *Portfolio Budget Statements 2019-20*, and in Austrade's Corporate Plan 2019-20.

To assist Australian businesses navigate the complexities of exporting, an additional \$21.3 million has been allocated to establish a new trade information service for exporters. This service will give Australian businesses a centralised, trusted and simple source of online information on how to export, including regulatory and border compliance requirements. Austrade will work with the Department of Agriculture, Water and the Environment, the Department of Foreign Affairs and Trade, and the Department of Industry, Science, Energy and Resources to implement this measure, starting with a pilot for processed food exports.

Austrade will also receive an additional \$2.2 million to expand critical minerals trade and investment facilitation through the new Critical Minerals Facilitation Office established within the Department of Industry, Science, Energy and Resources.

As part of the Australia-United Kingdom 2020-21 Season of Culture, Austrade will receive an additional \$4.0 million to elevate the level of cultural exchange between Australia and the United Kingdom including deepening business engagement and talent mobility activities.

As part of the Bushfire Response: International Surge Support, Austrade will receive an additional \$0.9 million in 2019-20 as part of a joint package with the Department of Foreign Affairs and Trade to mitigate negative international sentiment towards Australia that could adversely impact our reputation, economy and broader national interests.

A full outline of Austrade's Strategic Direction can be found in the *Portfolio Budget Statements* 2019-20.

3.2 BUDGETED FINANCIAL STATEMENTS

3.2.1 Analysis of budgeted financial statements

An analysis of Austrade's budgeted financial statements, as reflected in the departmental financial statements and administered schedules, is provided below.

Departmental Financial Statements

The Departmental financial statements represent the assets, liabilities, revenues and expenses which are controlled by Austrade. Departmental expenses include employee and supplier expenses and other administrative costs which are incurred by Austrade in undertaking its operations.

3.2.2 Budgeted financial statements

Departmental Financial Statements

The Departmental financial statements represent the assets, liabilities, revenues and expenses which are controlled by Austrade. Departmental expenses include employee and supplier expenses and other administrative costs which are incurred by Austrade in undertaking its operations.

Budgeted departmental comprehensive income statement

This statement provides actual financial results for 2018-19 and the estimated revenue and expenses for 2019-20 and the forward years.

Total income in 2019-20 is estimated to be \$233.9 million, an increase of \$4.0 million since Budget. The increase is due to an increase of \$2.7 m appropriation for expense measures, as reflected in Table 1.2 - Entity 2019-20 Measures since Budget. A further increase of \$1.3 million recognises an increase in self generated revenue coming from other agencies, reflecting changes in both the volume and nature of services Austrade delivers on their behalf. These amounts are included in Table 1.1 Austrade Resource Statement.

Total estimated expenses for 2019-20 have decreased by \$3.4 million from Budget to reflect the expense measures since budget and the movement in revenue for services provided on behalf of other agencies.

Budgeted departmental balance sheet

This statement discloses the estimated end of year financial position for Austrade. Austrade's budgeted net asset position at the end of 2019-20 of \$69.0 million, is consistent with the 2018-19 actual of \$68.2 million in Table 3.3.

Departmental capital budget statement

This statement shows all planned departmental capital expenditure on non-financial assets, whether funded through capital appropriations, additional equity, borrowings, or funds from internal sources.

AUSTRALIAN SECRET INTELLIGENCE SERVICE (ASIS)

Section 1: Entity overview and resources

1.1 STRATEGIC DIRECTION STATEMENT

There have been no changes to ASIS's role, outcomes, output groups, or outputs as expressed in the *Portfolio Budget Statements* 2019-20.

Additional appropriations are as a result of the Government's decision to increase funding for a range of capabilities, offset with reduced appropriations from an increase to the efficiency dividend.

1.2 ENTITY RESOURCE STATEMENT

The Entity Resource Statement details the resourcing for ASIS at Additional Estimates. Table 1.1 outlines the total resourcing available from all sources for the 2019-20 Budget year, including variations through Appropriation Bills No. 3 and No. 4.

(a) Appropriation Act (No. 1) 2019-2020 and Appropriation Bill (No. 3) 2019-2020.
(b) Estimated external revenue receipts under section 74 of the PGPA Act.

(c) Departmental capital budgets are not separately identified in Appropriation Act (No. 1) and form part of ordinary annual services items. For accounting purposes, this amount has been designated as a 'contribution by owner'.

(d) Appropriation Act (No. 2) 2019-2020 and Appropriation Bill (No. 4) 2019-2020.

Section 3: Budgeted financial statements

3.2 Budgeted financial statements

3.2.1 Analysis of budgeted financial statements

The increase in ASIS's operating revenues and net increase in assets since the 2019-20 *Portfolio Budget Statements* is due to the Government's decision to increase funding for a range of capabilities. Further analysis of the budgeted financial statements is not provided due to the need to observe requirements of national security.

1.1 STRATEGIC DIRECTION STATEMENT

There is no change to Tourism Australia's Strategic Direction. For further details please refer to *Portfolio Budget Statements* 2019-20 Budget Related Paper No. 1.8 Foreign Affairs and Trade Portfolio.

1.2 ENTITY RESOURCE STATEMENT

The Entity Resource Statement details the resourcing for Tourism Australia at Additional Estimates. Table 1.1 outlines the total resourcing available from all sources for the 2019-20 Budget year, including variations through Appropriation Bills No. 3 and No. 4, Special Appropriations and Special Accounts.

In January 2020, Tourism Australia was granted an additional appropriation of \$71.0 million over two years to continue to foster the Australian tourism industry, focusing on short and medium-term bushfire recovery tourism marketing initiatives to promote international and domestic tourism and to protect Australia's reputation as an international tourism destination.

These activities will include a domestic and international recovery campaign, International Media Hosting, Australian Tourism Exchange Open for Business, and a regional tourism events and promotion package.

PORTFOLIO GLOSSARY

| Term | Meaning |
|------------------------------|---|
| Accrual accounting | System of accounting where items are brought to account and included in the financial statements as they are earned or incurred, rather than as they are received or paid. |
| Accumulated depreciation | The aggregate depreciation recorded for a particular depreciating asset. |
| Additional Estimates | Where amounts appropriated at Budget time are insufficient, Parliament may appropriate more funds to portfolios through the Additional Estimates Acts. |
| Administered | Revenues, expenses, assets or liabilities managed by agencies on behalf of the Commonwealth. Agencies do not control administered items. Administered expenses include grants, subsidies and benefits. In many cases, administered expenses fund the delivery of third party outputs. |
| Annual appropriation | Two Appropriation Bills are introduced into Parliament in May and comprise the Budget for the financial year beginning 1 July. Further Bills are introduced later in the financial year as part of the additional estimates. Parliamentary departments have their own appropriations. |
| Appropriation | An authorisation by Parliament to spend monies from the Consolidated Revenue Fund for a particular purpose. |
| Capital expenditure | Expenditure by an agency on capital projects, for example purchasing a building. |
| Consolidated Revenue Fund | Section 81 of the Constitution stipulates that all revenue raised or money received by the Commonwealth forms the one consolidated revenue fund (CRF). |
| Departmental | Revenue, expenses, assets and liabilities that are controlled by the agency in providing its outputs. Departmental items would generally include computers, plant and equipment assets used by agencies in providing goods and services and most employee expenses, supplier costs and other administrative expenses incurred. |

Portfolio Glossary

| Depreciation | Apportionment of an asset's capital value as an expense over its estimated useful life to take account of normal usage, obsolescence, or the passage of time. |
