Explanatory Notes

Ref. No. A sequential reference number is required for each form of this type submitted by the Permit Holder (eg, 001, 002, 003, etc). Where amendments are made to a previously submitted form, please use the same reference with a sequential revision number (eg, 003-Rev.1).

When was the development first detected Developments must be notified to ASNO within 24 hours of the Permit Holder becoming aware of the development.

Actions already taken in response The permit hold should take appropriate actions (e.g restrict further access to nuclear material and/or associated items) ensure ongoing protection of nuclear material and/or associated items.

Most recent ASO122 Ref.N^o for this individual Not applicable if the Access Authorisation (ASO122) has not reached its first renewal date.

Signature This form must be signed by a representative of the Permit Holder (ie, the organisation) who will take responsibility for, and sign documents on behalf of, the organisation.

This form replaces the following forms →	ASO224 (Original issued 1 January 2002)
