Form ASO318

BILATERAL OBLIGATION REPORT

Explanatory Notes

Use of this form	 Use as many ASO318 forms as is necessary to list all items in the permit holder's inventory that carry a country obligation.
	 Equivalent forms approved by the Director General ASNO may be submitted in place of this form.
Ref.No.	A sequential reference number is required for each form of this type submitted by the Permit Holder (eg, 001, 002, 003, etc). Where amendments are made to a previously submitted form, please use the same reference with a sequential revision number (eg, 003-Rev.1).
Obligation	Enter the name of the country to which the listed materials are attributed.
Isotope Wt	Complete this column for enriched uranium only
Carried forward	This is <u>exactly</u> the same as the Closing Balance from the previous report for (1) the same 'Material category', and (2) the same 'Obligation'.
Type of inventory change	Provide the 2-letter (alpha-numeric) code as described in the International Atomic Energy Agency's document 'Model Code 10'.
MBA/Country	• List the MBA for domestic transfers.
	• List the Country for international transfers.
Break down of the Closing Balance	Use this section to list the weight of batches, or portions of batches, included in the Closing Balance, that are attributed to the nominated OBLIGATION.
Signature	This form must be signed by a representative of the Permit Holder (i.e. the organisation) who will take responsibility and sign documents on behalf of the organisation.
Submitting this form	This form must be submitted to ASNO within 10 working days of 30 June and 31 December

This form replaces the following form \rightarrow	ASO318 (Version 2, issued 22 August 2005)
