Dear Ms. Adams:

My name is Mark Neighbors and I am the International Trademark Association's (INTA) External Relations Manager for the Asia-Pacific. We were informed by our Past President Ms. Rhonda Steele that your Korea FTA Task Force was soliciting comments for submission regarding the FTA currently being negotiated between your government and the government of South Korea. In 2005, INTA created a "Model Free-Trade Agreement" document which details the Association's views on the protection of intellectual property in bilateral trade agreements. Below is a link to this document on our website.

Additionally, I have attached a copy of these guidelines to this email. INTA would be happy to answer any questions you may have or provide further information if necessary. You may reach us by contacting me at +1-212-642-1715 or by email at mneighbors@inta.org. Thanks.

Sincerely,

Mark L. Neighbors
