		(iii) Prevalence of violence	*Baseline survey		
		against women & children			

Annex 4: Logical Framework Matrix for VWC Program, July 2007 - June 2012

Code	Results	Indicators	Means of Verification	Risks	Risk Management
	OUTCOME			(a) Hostility from many community groups and social institutions	*Provide information and clarify VWC aims and services wherever possible.
	Increased community acceptance that violence against women and children is a violation of human rights	(i) Total number & % of requests for information by women & men from VWC Branches & CAVAWs	* VWC, Branch and CAVAW client and information statistics	(b) Many men in positions of authority (all social & legal institutions) currently abuse women and do not see violence against women and children as a crime.	*Involve male community leaders in CAVAWs.
		(ii) % of requests for information to VWC from community leaders, church leaders & chiefs	* VWC client & information statistics		*Target social institutions/agencies for gender, VAW and human rights training.
		(iii) Positive statements and policies on violence against women and children from government and community leaders (chiefs, faith-based leaders, civil society organisations, national and provincial government)	* Media reports including reports of court judgements * VWC reports * Government policies and actions	(c) Human rights is seen as a foreign and imposed concept.	*Undertake activities to create and promote community awareness on violence against women & children & human rights. *Raise awareness of the impact of VAWC on families and communities *Use male advocates as role models in advocacy and community awareness. *Involve male community leaders in CAVAWs.
				(d) Women are blamed (by women & men) for causing & perpetuating violence and for destroying custom	*Community awareness utilising the Vanuatu Constitution & positive elements of custom *Undertake research on custom, attitudes and human rights.
				(e) Inadequate legal and institutional responses to violence against women and children undermines women's faith in the justice system	*Raise awareness on gender relations and the causes of impacts of violence against women and children.
					*Lobby govt to pass the FPO Bill & monitor its implementation & enforcement.
					*Lobby govt agencies & leaders to adhere to existing laws & human rights standards.
					*Lobby government to establish a Violence Against Women Task Force to review policies, the implementation of law and procedures for the protection of women's and children's rights

Code	Results	Indicators	Means of Verification	Risks	Risk Management
	COMPONENT				
1	COUNSELLING, LEGAL ASSISTANCE AND SUPPORT SERVICES				
	Counselling, legal and support services provided to women and children who are survivors of domestic violence, sexual and psychological abuse				
	OUTPUT				
1.1	Counselling and Support Services				
	Effective and confidential counselling and support services provided to women and children	(i) Number of repeat clients using VWC services per year.	*VWC client statistics	(a) Women and children not using VWC services due to remoteness, lack of knowledge about VWC services & women's rights	*Use community education materials, special events campaigns & radio programs to raise women's and community awareness of VWC services
