

## 2022 ANNUAL DEVELOPMENT EVALUATION PLAN

### INTRODUCTION

This 2022 Annual Development Evaluation Plan produced by the Department of Foreign Affairs and Trade (DFAT) outlines the independent evaluations of DFAT's country, regional, global and sector development programs which DFAT expects to complete and publish in 2022. This plan has been approved by the Secretary of DFAT.

### EVALUATIONS

DFAT country, regional, global and sector development programs are required to identify, prioritise and complete a reasonable number of independent evaluations per year. These evaluations focus on the highest priority issues facing each program. Larger programs are generally expected to complete a higher number of evaluations.

Up to 40 evaluations are expected to be published in 2022. All evaluations will include a management response which will be completed by the relevant DFAT program. Some development programs will not publish any evaluations in 2022 but will be expected to undertake evaluations in 2023 and beyond.
