Applying for an Australia Awards scholarship

Australia Awards in Fiji

Australia's international development assistance in Fiji helps promote prosperity, reduce poverty, and enhance political stability.

Australia Awards scholarships are prestigious international awards offered by the Australian Government to the next generation of global leaders in developing countries. Through study and research, recipients develop the skills and knowledge to drive change and help build enduring people-to-people links with Australia.

Applicants are assessed on their professional and personal qualities, academic competence and, most importantly, their potential to impact on development challenges in eligible countries.

Applications are strongly encouraged from women, people with disability and other marginalised groups.
