Applying for an Australia Awards scholarship

Australia Awards scholarships in the Maldives

As set out in DFAT's Maldives COVID-19 Development Response Plan, Australia's development cooperation program in Maldives contributes to three objectives: health security, social stability and economic recovery from COVID-19, with a focus on inclusion and addressing vulnerability. The objectives of the Australia Awards Scholarships program in Maldives are likewise guided by the Response Plan.

Australia Awards scholarships are prestigious international awards offered by the Australian Government to the next generation of global leaders for development in post-COVID-19 Maldives. Through study and research, recipients develop the skills and knowledge to drive change and help build enduring people-to-people links with Australia.

Applicants are assessed on their professional and personal qualities, academic competence and, most importantly, their potential to positively impact on the Maldives' development.

Applications are strongly encouraged from women and people with disability.

Level of study

Australia Awards scholarships provide citizens of Maldives with the opportunity to obtain a qualification at an Australian tertiary institution.

Awards will be offered for commencement in 2023 within the following allocations:

- Master's level qualification (by coursework or research).

Applicants must research two courses in participating institutions, including information provided on institution websites, and ensure that they meet the institution's English language and other admission/entry requirements.

Options for mode of delivery and structure of the courses are currently re-examined to suit the post COVID context. These options could include a hybrid structure with components through distant learning or in the region by Australian tertiary institutions that have already established a presence.

Specific details on the structure and mode of delivery will depend on selected courses and once finalised can be found at www.australiaawardsmaldives.org

In completing their applications, applicants should provide sound justification for course selection and demonstrate direct links with their Development Impact Plans, work experience and proposed outcome of study.
