

ANNEX 3-C - ORIGIN QUOTAS AND ALTERNATIVES
TO THE PRODUCT-SPECIFIC RULES OF ORIGIN IN ANNEX 3-B

Common provisions

1. For the products listed in the tables below, the corresponding product specific rules of origin are alternatives to those set out in Annex 3-B (Product-specific rules of origin), within the limits of the applicable annual quota. If the date of entry into force of this Agreement is not 1 January, the origin quota specified for the year in which this Agreement enters into force shall be calculated as a proportion of the annual origin quota equal to the period remaining in the year.
2. A statement on origin made out for a product listed in table 1 of this Annex, which obtained originating status in accordance with the alternative rules of origin set out in this Annex, shall contain the following statement: "Origin quotas – Product originating in accordance with Annex 3-C".
3. A statement on origin made out for a product listed in table 2 of this Annex, which obtained originating status in accordance with the alternative rules of origin set out in this Annex, shall contain the following statement: "Origin quotas – Product originating in accordance with Annex 3-C, caught by the foreign chartered vessel [name of vessel] in the Exclusive Economic Zone of Australia".
4. The Union¹ shall administer the origin quotas established under this Agreement in a transparent, objective and non-discriminatory manner on behalf of both parties. This includes making publicly available in a timely and continuous manner all relevant information concerning the administration of the origin quota, including the volume available.
5. The European Union shall manage the origin quotas for textile and apparel products set out in this Annex on a first-come first-served basis and shall calculate the value of products entered under origin quotas on the basis of the imports into the European Union from Australia.
6. The European Union shall manage the origin quotas for fish and seafood products set out in this Annex on a first-come first-served basis and shall calculate the quantity of products entered under origin quotas on the basis of the imports into the European Union from Australia.

Review of quotas for textile and apparel products in table 1
and fish and seafood products in Table 2

1. Not earlier than 3 years from the entry into force of this Agreement, the Trade Committee, at the request of either Party, and assisted by the Committee on Customs shall review the quotas for textiles and apparel contained in Table 1 and for fish and seafood products in Table 2.
2. The review referred to in paragraph 1 shall be made on the basis of available information about the market conditions in both Parties and information about their imports and exports of relevant products.
3. On the basis of the result of a review carried out pursuant to paragraph 1, the Trade Committee may adopt a decision to revise the product coverage and allocation of the quota and maintain or increase the quantities of the quota.

Growth provision for textile and apparel products in table 1

1. For each of the products listed in Table 1, if more than 80 % of an origin quota assigned to a product is used during a calendar year, the origin quota allocation will be increased for the following calendar year.
 2. The increase will be 5 % of the origin quota assigned to the product in the previous calendar year.
 3. The growth provision will apply for the first time after the expiry of the first complete calendar year following the entry into force of the Agreement and will be applied for any 6 years in total within the first 10 complete calendar years.
 4. Any increase in the origin quota volume will be implemented in the first quarter of the subsequent calendar year. The Parties shall ensure that the increased origin quota and the date when it becomes applicable are publicly available.
