

**Senate Order on Government Agency Contracts (Murray Report) (corrected on 30/7/2015)**  
**1 January 2014 to 31 December 2014**

Pursuant to the Senate Order on departmental and agency contracts, the following table sets out contracts entered into by the Department of Foreign Affairs and Trade which provide for a consideration to the value of \$100,000 or more and which:

- a. have not been fully performed as at 31 December 2014; or
- b. which have been entered into during the 12 months prior to 31 December 2014.

Unless otherwise specified, the contracts listed contain confidentiality provisions of a general nature that are designed to protect the confidential information of the parties that may be obtained or generated in carrying out the contract. Most of the confidentiality clauses do not bind the Commonwealth from disclosing information, which it may be required to do for public accountability reasons, including a request for information by parliament or a parliamentary committee.

The reasons for using general confidentiality clauses include:

- ordinary commercial prudence that requires protection of trade secrets, proprietary information and the like; and/or
- protection of other Commonwealth material and personal information; and/or
- contracts signed under previous contracting practice wherein elements of the contract or the entire contract were accepted as being 'commercial-in-confidence'. Contracting policy has since changed.

Where either of the confidentiality columns has been populated with a "Yes", the details of the relevant provision is given in the "Reason(s)" column.

The Privacy Act 1988 and other statutory secrecy provisions apply to departmental contracts.

"Amount of Consideration" is the estimated total contract value.

Estimated cost of complying with this Order: \$21,651

Method used to estimate the cost: Based on salary costs of staff involved in preparing the contracts for inclusion in the Senate Order report
