10 According to the Concessions Contracts Regulations 2016, a works concession contract means a contract: (a) for pecuniary interest concluded in writing by means of which one or more contracting authorities or utilities entrust the execution of works to one or more economic operators, the consideration for which consists either solely in the right to exploit the works that are the subject of the contract or in that right together with payment; and (b) that meets the requirements described below.

The requirements are:
(a) the award of the contract shall involve the transfer to the concessionaire of an operating risk in exploiting the works or services encompassing demand or supply risk or both; and
(b) the part of the risk transferred to the concessionaire shall involve real exposure to the vagaries of the market, such that any potential estimated loss incurred by the concessionaire shall not be merely nominal or negligible.

For these purposes, the concessionaire shall be deemed to assume operating risk where, under normal operating conditions, it is not guaranteed to recoup the investments made or the costs incurred in operating the works or the services which are the subject-matter of the concession contract.

According to the Concessions Contracts (Scotland) Regulations 2016, a works concession contract means a contract:
(a) for pecuniary interest concluded in writing by means of which one or more contracting entities entrust the execution of works to one or more economic operators, the consideration for which consists either solely in the right to exploit the works that are the subject of the contract or in that right together with payment; and (b) that meets the requirements described below.

The requirements are:
(a) the award of the contract involves the transfer to the concessionaire of an operating risk in exploiting the works or services encompassing demand or supply risk or both; and
(b) the part of the risk transferred to the concessionaire involves real exposure to changing market conditions, such that any potential estimated loss incurred by the concessionaire is not merely nominal or negligible.

For these purposes the concessionaire shall be deemed to assume operating risk if, under normal operating conditions, it is not guaranteed to recoup the investments made or the costs incurred in operating the works or the services which are the subject-matter of the concession contract.
