Sustainable Development Goals

Australia is Fiji's largest bilateral development assistance partner. Our development cooperation program supports resilient, sustainable and equitable development in Fiji—a key hub for the Pacific region.

The relationship between Fiji and Australia is underpinned by close and practical cooperation. Development Programs in Fiji contribute to the achievement of Fiji's National Development Plan and Fiji's implementation of the Sustainable Development Goals.

Strategic direction

Australia and Fiji share a strong and enduring bilateral relationship. The renewed and elevated *Fiji-Australia Vuvale Partnership* articulates our shared aspiration to enhance cooperation, consultation and friendship.

Australia's development cooperation program in Fiji supports our ambition for a Pacific region that is peaceful, stable and prosperous.

We are committed to climate action and scaling up locally-led program delivery. We are supporting high-quality outcomes in priority sectors for Fiji including health, education and skills, as well as strengthening climate change action and advancing gender equality.

Program highlights

- Our ODA for 2024-25 was supplemented by additional budget support of FJD 72million (AUD50million) to strengthen public financial management, drive economic reforms, and build climate and social resilience.
- Australia provided AUD10 million for a long term infrastructure master plan for Colonial War Memorial (CWM) Hospital and committed an additional AUD10 million for immediate infrastructure upgrades at CWM in line with the Priority Infrastructure Plan.
- Australian Infrastructure Financing Facility for the Pacific (AIFFP) is providing over AUD145.3 million in loan and grant finance to Fiji for infrastructure development. AIFFP's first fully repaid loan was in Fiji. FJD\$106 million (AUD68.4 million) in loan and guarantee financing alongside ANZ was provided to Airports Fiji to support capital works projects at Nadi International Airport and outer island airports.
