

ESTIMATED AUSTRALIAN ODA TO NIUE AND TOKELAU 2021-22	\$3.9 MILLION
POPULATION	NIUE: 1,591 (2017) TOKELAU: 1499 (2016)

Australian development cooperation supports Niue and Tokelau to recover from the impacts of COVID-19.

Strategic direction

Australia is supporting Niue and Tokelau respond to and recover from the impacts of the COVID-19 pandemic, in line with [Partnerships for Recovery, Australia's COVID-19 Development Response](#).

Following the opening of the Australian High Commission in Alofi in 2020, Australia is transitioning from a delegated cooperation arrangement (DCA) with New Zealand to direct delivery of assistance in Niue.

Australia's development assistance in Niue is targeted towards health (SDG 3), education (SDG 4) waste management (SDG 5), economic resilience (SDG 8) and effective governance (SDG 16).

Australia works with New Zealand through a DCA to support development activities in Tokelau.

Program highlights

- In 2020 Australia made available \$2.5 million from existing development funds to assist Niue's economy during the pandemic.
- Australia's support helped to re-build Niue's wharf (damaged during TC Tino in 2020) and enable the import of essential goods.
- Australia supported the World Health Organisation to provide personal protective equipment and GeneExpert COVID-19 testing cartridges to support Niue's health system.
- In 2020-21 Australia contributed to the fit out of a mobile laboratory which has enabled Tokelau to manage its own testing for COVID-19.
