

DFAT DEVELOPMENT EVALUATION PLAN 2023-24 TO 2025-26

INTRODUCTION

This Development Evaluation Plan produced by the Department of Foreign Affairs and Trade (DFAT) outlines the independent evaluations of DFAT's country, regional, global and sector development programs which DFAT expects to complete and publish over the period January 2024 – June 2026. It is an interim plan as DFAT transitions to multi-year planning and reporting by financial year. The next plan will cover the full three financial years 2024-25, 2025-26 and 2026-27. This plan has been approved by the Secretary of DFAT.

EVALUATIONS

DFAT country, regional, global and sector development programs are required to identify, prioritise and complete a reasonable number of independent evaluations per year. These evaluations focus on the highest priority issues facing each program. Larger programs are generally expected to complete a higher number of evaluations.

Up to 56 evaluations on this plan are expected to be published in 2023-24, in addition to those already published July – December 2023. All evaluations will include a management response which will be completed by the relevant DFAT program.

REPORTING

DFAT publishes a report of all published evaluations on the [DFAT website](#) and in the annual Performance of Australian Development Cooperation report.
