Hi s22(1)(a)(ii)

On 22 Sep21 the Saudi company [Abiliti Mining](#) will sign an agreement with 45 Saudi government authorities represented by the [Saudi National industrial and development program \(NDLIP\)](#). It will be a ceremony to kick off Abilitii's \$45 Billion investments commitments in the Saudi mining sector over the next 10 years within Saudi Vision 2030.

During the signing ceremony, **two contracts/agreements** will be signed between Abiliti Mining and **Australian companies**. These Australian Companies are :

- [Resolve Mining](#) will sign Heads of Agreement to form a JV with Abiliti to establish a Mining Service company in KSA.
- [National Stock Exchange of Australia \(NSX\)](#), will sign an MOU with Abiliti to establish a secondary stock market for mining companies.

The event will be attended by **Eng. Suliman mazroua the CEO of The National Industrial Development and Logistics Program (NIDLIP)** which is a program established after launching the 2030 vision to transform the Kingdom into a leading industrial powerhouse and a global logistics hub.

The above contracts are the result of Austrade work and introductions. I believe the Ambassador presence will be viewed very positively to support the expansion of Australian business in KSA and strengthening the trade relationship.

Please note that both Group CEO of Ajlan & Bros Holding and Abilti CEO will be attending the Dinner with the Ambassador tomorrow

Regards

MAD colleagues,

further to the exchange below, I have spoken to Austrade at post s47E(d) for my attendance at similar events in future. I'll also be introducing a related checklist.

Nonetheless, in this instance I think it would have been a lost opportunity not have attended the event. s47E(d)  
And the signing ceremony was about more than just one Australian company.

Cheers,  
Mark

Hi Media colleagues,

s47E(d)

Should we be approached about my attendance, I'd suggest the following TPs:

- . the Australian Ambassador in Riyadh was invited to join Saudi Arabia's Minister for Industry and Mineral Resources Bandar Alkhorayef at a ceremony during which a number of mining industry agreements were signed.
- . the Ambassador's attendance provided a valuable opportunity for him to discuss developments in the Saudi mining sector with Minister Alkhorayef and representatives of Saudi mining companies.

Happy to discuss,  
Mark
