Hi s22(1)(a)(ii)

Thanks for confirming. s47F(1) are you able to add s22(1)(a)(ii) (cc'd) and the others (Andrew, s22(1)(a)(ii) below) to our RSVP list for this meeting? We will get rsmps early next week and send a calendar invite Wednesday morning with updated venue/room details.

On your other query, happy to provide details, although please note s47F(1)
Please feel free to say I passed on their details for contact.

Hi s47F(1)

Great to talk to you just now – as discussed, email addresses for Andrew, s22(1)(a)(ii) and I for the roundtable invite/agenda.

Separately, from your summary it sounds like the roundtable will tick a lot of the boxes on DFAT's wishlist of people for Andrew Egan to have some face-time with. There are a few that we'd like to arrange separate engagement with across on the Thursday and Friday (could be a 15 minute standup on the exhibition floor or a coffee between sessions). If at all possible, would you be able to assist with contact details or connections to any of the following?

Thanks ^{s22(1)(a)(ii)} and hi ^{s47F(1)} good to be in touch again.

As ^{s22(1)(a)(ii)} notes, we'd be very happy to participate in the roundtable proposed and would value your guidance on attendees.

As you know from discussions with ^{s22(1)(a)(ii)} in my team, DFAT will have a few bodies on the ground at the Summit, alongside Jamie Isbister who's taking part on a panel. For the proposed roundtable on Friday, it would be great if you could include Andrew Egan, my Branch Head, who oversees both our carbon market work and development programs focussed on nature-based solutions (which we're happy to talk to), along with ^{s22(1)(a)(ii)} and me. But let me know if that's too many and we'll cut down.

I'm also available to dial in to a preliminary call with ^{s22(1)(a)(ii)} if helpful.

Talk soon, and looking forward to seeing you next week in Sydney.

Hi s47F(1)

If you have any phone messages from s22(1)(a)(ii) in my team, it was him following up on this ☺. An event on day 2 of the Summit, 25 June, from 7:45am – 8:30am, sounds great. We are very grateful to you for suggesting this, and would love to participate.

I've copied in s22(1)(a)(ii), who is DFAT's Director, Carbon Markets (I'm sure you know him). We are drawing on DFAT's support for the new regional crediting scheme – and s22(1)(a)(ii) team have their own initiatives in the region that align with DISER's work.

Not sure exactly how you want to structure the session - we could speak briefly on the intended outcomes, proposed design and the opportunities for participation in the regional crediting scheme. s22(1)(a)(ii) could potentially also speak on other Australian Government initiatives of interest. We'd be interested to hear you speak on the Markets for NCS Taskforce. We could follow up with Q&A?

Focusing on Summit attendees will be a good way to find our natural stakeholders, and we'd be happy to take your advice on invitees. Would you like to have a phone catch-up to discuss in more detail? I'm sure you're extremely busy right now – but let me know if you have a spare 15 mins.

Hi s22(1)(a)(ii)

We spoke a few weeks ago about arranging a time to potentially meet with some industry stakeholders on the sidelines of the Summit, to get some informal thoughts on your Indo-Pacific work. I would like to suggest a meeting with about 15-20 govt/industry stakeholders, on the morning of day 2 of the Summit, from 7:45am – 8:30am, Friday 25th June, in a private room at the Summit venue. We would provide Tea/Coffee and morning pastries.

This might give an opportunity for you, DISER/DFAT and other colleagues to tap into the expertise of our Markets for NCS Taskforce, as well as some others that might be relevant. Happy to discuss participation with you and a guest list etc, noting the room is inside the Summit venue so attendees would need to be registered for the Summit itself.

Let me know if this is of interest, and I'm happy to coordinate invitations/agenda etc with you and DFAT teams.

Dear s47F(1)

I'm getting in touch to ask about setting up a virtual meeting with s47F(1) and Rob Christie, Assistant Secretary Private Sector Finance and Partnerships.

We've noted CMI's recent options paper on markets for natural climate solutions and Rob would be keen to chat with s47F(1) around some of the ideas outlined in this.

Would you be able to let me know s47F(1) availability, and/or point me to the right contact for this? Rob is still working next week up until Christmas – is s47F(1) still around until then, or would January work better?

Happy to chat/compare calendars tomorrow if this works.

Hi s47F(1)

I may have been somewhat optimistic in my response on this question in the meeting! I'm told things are especially busy at the moment (shouldn't be a surprise I guess), and we also don't have great clarity on appointments at this point. My reading is this may not be the best timing for your request, particularly with US rejoining the PA this month.

If you do decide to press ahead now, the contact that was mentioned to me is s47F(1)

Dear s22(1)(a)(ii)

Good to talk re our private sector regional engagement, felt like we just scratched the surface and keen to see how we can deepen our partnership on that work.

We briefly discussed s47F(1) as a great candidate to join our first Carbon Conversation for the year on 19 February. You generously offered to put me in touch with s47F(1) could participate.

As you are aware we instigated the [Carbon Conversations](#) as a weekly discussion point for the professional carbon community in Australia and the region through 2020. This was a popular and extremely well attended series with panellists including UNFCCC lead Ministers Angus Taylor and James Shaw as well as senior public servants, business and community leaders.

We would like to start the 2021 series on 19 February which of course is the date that the US formally rejoins the UNFCCC Paris Agreement. We would be delighted to have s47F(1) join the discussion appreciating that it would be 8pm on the east coast, 5pm on the west.

These are moderated sessions and I would lead this discussion. I am in conversation with 2 others from a relevant think tank and business.

Could you facilitate an appropriate contact?

Apologies, yes would be good to discuss this work and next steps from our side. Would Wednesday work? If so will get s22(1)(a)(ii) to liaise on a time that can work best that day

Subject: CMI/DFAT Catch Up - International/Regional Carbon Market Development

Dear Ambassador,

Hope you are well during these strange times.

I wanted to reach out to thank you for hosting the call on the international carbon markets earlier this week – very illuminating and we hope to remain a part of the discussion. I've noted also s22(1)(a)(ii) is moving on to another role within DFAT, so was thinking it might be prudent to arrange a time with you and s47F(1) to discuss our activities and forward workplan in this area, and areas where we might collaborate.

Is there a time in the next week or so that you might be available to meet virtually with s47F(1) and me? We are generally available with the exception of a two day internal strategy workshop with the team on Wed 12th & Thurs 13th August.

Look forward to meeting with you in due course.

Kind regards,

s47F(1)

Thanks Jamie

Great to have you on board for the Summit.

We had a good discussion with s22(1)(a)(ii) and look forward to assisting how we can to develop carbon market readiness, skills and trade in the Asia Pacific

Dear Ambassador,

I hope you are well.

As discussed in Madrid, please find attached an invite to participate in our Summit in a panel on international markets post 2020 on 19 May 2020.

FYI (and s22(1)(a)(ii)) I'll be joining s47F(1) scheduled discussion with s22(1)(a)(ii) tomorrow morning in Sydney.

Please let me know when you are next in Sydney as would be good to catch up directly. I'll advise of next trip to Canberra if that becomes more convenient.

P.S. I'm not sure if you saw it but our Madrid Takeaways document [here](#). Seems sometime ago!

Hi Ambassador s22(1)(a)(ii)

As you may have seen we have postponed the Summit but we now have confirmed alternate dates of 2 and 3 December at the MCG.

I would be greatly appreciative if you could placemark this in the Ambassador's diary if possible or advise otherwise.

We will obviously be tracking the ongoing COVID-19 situation and will confirm closer to the event.

COP26 looking doubtful in any shape we know it!

Hoping you and yours stay safe and healthy at this time

Good evening s47F(1)

Ambassador Isbister would be delighted to participate in the Summit as a panellist.

If you could arrange for the coordinator to forward the running sheet as soon as it is drafted, we will begin planning the Ambassador's program at our end.

Thank you.

Please don't hesitate to contact me for further assistance.

Kind regards
