National Partners

PNG Electoral Commission: Strengthen the capacity of the PNGEC at the national and provincial levels through organisational and policy reform, and support to election administration, in partnership with the AEC.

National Broadcasting Commission: Build upon the capacity of the NBC and provincial radio stations through organisational development, technical assistance and funding for infrastructure, in partnership with the ABC.

Church Partnership Program: Support service delivery role and provide incentives towards strengthening institutional capacity and increasing churches role in promoting good governance.

Women in leadership: support women's leadership and access to decision making across all levels of government.

Other partners: may be included over the life of the strategy

Mainstreaming Democratic Governance

Promoting across AusAID sectors the role and contribution of civil society to public policy, decision-making processes, and service delivery.

Supporting government sectoral agencies at all levels to include and be more responsive to civil society in policy development and decision-making processes

Fostering partnerships between sub-national governments, civil society, and the private sector.

Facilitating coherence and coordination across donors engaging with civil society and sub-national governance.
