

Keeping People Safe

Is everyone's responsibility

Small actions can make a big difference to someone's safety and wellbeing.

Expected behaviour

Keep behaviour and conversations respectful and friendly.

If someone says no, asks you to stop or seems uncomfortable, stop.

Do not ask for personal contact details unless needed for work.

Do not share other people's private information.

Children

Avoid being alone with a child. In an emergency, put the child's safety first.

Only touch someone when needed for safety or to give help they have asked for.

Never acceptable

Violence, threats, sexual harassment and intimidation are always unacceptable.

Never force or pressure someone into sexual activity or use your position or power to get sexual activity from someone.

Any sexual behaviour with a child is always wrong.

If something doesn't feel right

You feel unsafe.

You see something concerning.

You are worried about someone.

Tell someone who can help.

Need help or want to raise a concern?
